

# Vishwanath Tiwari

Email : [tiwarivishwanath5395@gmail.com](mailto:tiwarivishwanath5395@gmail.com) | Phone: 6396689012

 GitHub : [Vishwa5395/](https://github.com/Vishwa5395/)

 LinkedIn : [vishwanath-tiwari-779528287/](https://www.linkedin.com/in/vishwanath-tiwari-779528287/)

 Portfolio : [Vishwanath-Portfolio/](#)

## Courses Completed

- Programming Core: OOPs with JAVA, DSA, DAA, Python, C/C++, Operating Systems, Computer Networks
- Database : DBMS
- Computer Organization and Architecture, Digital Logic Design, Internet of Things, Software Engineering
- Electives : Artificial Intelligence, Digital Image Processing,
- Maths : Calculus, Application of Differential and Difference Equations, Discrete Mathematical Structure, Applied Stats

## EXPERIENCE

- Full Stack Developer Intern at NETEFIE, Remote, (Jun2025 - Aug 2025)
- India Space Labs Winter Internship with ISRO, Remote, (Dec 2024-Jan 2025) [Certification](#)

## Technical Skills

- Programming Languages: C, C++, Java, Python, R
- Web Development: HTML, CSS, JavaScript, Node.js
- Database Management: RDBMS, MySQL, MongoDB, Microsoft SQL Server
- APIs and Tools: API Integration, RESTful APIs, Git, Firebase, Google Cloud Platform
- Authentication : JWT, Bcrypt.js, OAuth using Google Authentication
- Frameworks and Libraries: React.js, JSON handling, Express.js
- Software Design: UI/UX design
- Other Skills: Data Structures and Algorithms (DSA), Problem-solving, MS Excel, team management, good communication skills, Multi-Tasking, Creative Thinking, Research-Oriented.

## PROJECTS

### Web Crawler

- HTTP-Web Crawler - Recursive website crawler with URL tracking.
- Tech Stack: React.js, JavaScript, Node.js, Express.js, MongoDB

### Compression toolkit

- Developed a Compression toolkit interface using PCA Algorithm to compress files.
- Tech Stack: HTML, CSS and JavaScript

### Faculty Ranker

- Developed a website with the university data on Faculties to help students select teachers based on reviews by peers.
- Built the responsive search bar, integrated faculty GET APIs with low-latency Regex for details, and developed the About Us page.
- Tech Stack: Utilized ReactJS, Node.js, Express, etc. to process and display real-time insights.

### Weather Prediction Model

- Developed an ML model trained on a large dataset of different regions of India from NASA's open source data.
- Tech Stack: Python, Flask, Sci-Kit Learn, Ridge-regression model

### SwiftMedilink

- A Centralised FHIR Medical Database for the convenience of Patients and Doctors made for SIH with team.
- Tech Stack: MongoDB, ReactJS, NodeJS, Express.
- I have specifically contributed in the creation and optimization of backend services like APIs and DB Management to run smoothly.

### Captain LLM

- An handsfree automatic working LLM Model that works on a wake word "Captain"
- Tech Stack: Python, Qwen LLM Model, Pyts, Fine-Tuned LLM Model, LangChain

### Free Active OTP Sender System

- Developed a Spring Boot microservice for secure One-Time Password (OTP) generation and user authentication.
- Tech Stack: Java, Spring Boot, REST APIs
- Designed scalable backend REST APIs to handle high-frequency concurrent OTP requests, ensuring low-latency delivery and secure session management.

## EDUCATION

### B.Tech in Computer Science Engineering

Vellore Institute of Technology (VIT) **CGPA : 8.87** | 2027 (Expected)

PBRP Academy (Schooling) (Xth & XIIth)

## Achievements & Involvement

- Winner: Best Local Impact Award – NASA Space Apps Challenge 2024
- 2nd Winner: MathClub Hackathon, VIT-AP University
- Hackathon Participation: Multiple national and international hackathons focusing on sustainability and innovation
- Google Developer Group (GDG) OnCampus, VIT AP - Worked on cloud projects and organized tech events.
- Selected for Round 1 in SIH

## EXTRACURRICULAR ACTIVITIES

- Writing a Research Paper on the topic of Chained exponential functions with recursive functional exponents.
- Certifications in Google Cloud Essentials | Web Development Bootcamp | MATLAB (Basics, Simulink, Stateflow)
- CSI Club Chapter Completion [Certification](#)
- Cloud-Computing Certificate [Certification](#)
